

August 2024

Rural Municipality of Moose Creek

H2Safety Notification App: The RM office has setup a notification system using H2Safety. Use the QR code below to input your cell number, email address and house phone number to quickly receive important updates like road closures, road bans, road construction updates, fire bans etc.

Development Permits & Building Permits: As land owners, you are not only responsible for obtaining a development permit for all new construction including additions to existing buildings, but you are also responsible for obtaining a building permit. Farm buildings are exempt from obtaining a building permit, however farm residences are not. If a farm building has a sleeping quarter within it, it will not be exempt from obtaining a building permit. The Council has appointed Municode building inspectors. They will be responsible for reviewing all building permit applications, reviewing all building plans, performing all building inspections, and issuing permits or any potential stop work orders. The cost is \$3.55 per \$1000 of building value, and will be invoiced to each permit applicant at cost recovery. The Building Permit Application will be posted to the municipal website rmofmoosecreek.com, and is available at the RM office.

Fire Fighting Insurance on Farm Equipment: Often times you are called out to bring your farm equipment to help fight a neighbour's fire. The RM would like to remind you that the liability for any damages to your equipment is your responsibility. It would be a good idea to check with your insurance company to make sure you would be covered for any damages that may happen while fighting a fire. You should also be aware that the RM cannot cover you for potential injury, disability or death in this instance. It would be a good idea to look into personal disability coverage.

2024 Road Construction Update: TWP Road 062 from the RNG 2030 to RNG 2013 (Manor Road) is being clay capped by C. Duncan Construction. RIRG grant funding was received in the amount of \$500,000.00 towards the cost of this road.

Two other road construction projects are budgeted for in 2024. They will be tendered out in the fall. The first one is two miles on RNG 2034 from TWP 40-42 and the second one is one mile on TWP 60 north of NE 32 and NW 33-05-01 W2M.

Equipment Purchased in 2024: The RM has purchased a 2024 Kubota skid steer from Redvers Agricultural and Supply Ltd.

Gravel for ratepayers at a cost of \$18.00/yard is being offered at a maximum of 3 loads a year. If you would like to be added to the list please contact the office to fill out a custom work form.

REMINDER- For our safety and yours, please slow down to 60km/h when approaching all municipal equipment.

*Speed limit on all grid roads is 80km/h unless otherwise posted

Report your controlled burns to:

1-866-404-4911

When reporting a control burn you will be asked the following questions:

- What is your land location?
- Who is your fire service provider?
- Driving directions from fire department
- What are you burning?
- How long will the burn last?
- Name and phone number
